

## Fishery Conservation and Management

## § 600.751

(D) After considering information in the notification and Council's recommendation, NMFS will decide whether to publish a proposed rule. If information on the new gear or fishery being considered indicates it is likely that it will compromise conservation and management efforts under the Magnuson-Stevens Act, and no additional new information is likely to be gained from a public comment period, then a proposed rule will not be published and NMFS will notify the appropriate Council. In such an instance, NMFS will publish emergency or interim regulations to prohibit or restrict use of the gear or participation in the fishery. If NMFS determines that the proposed amendment is not likely to compromise conservation and management efforts under the Magnuson-Stevens Act, NMFS will publish a proposed rule in the FEDERAL REGISTER with a request for public comment.

(ii) *Atlantic Highly Migratory Species.* (A) Upon signing a return receipt of the notification by certified mail regarding an unlisted fishery or gear for Atlantic highly migratory species (HMS), NMFS will immediately begin consideration of the notification.

(B) Based on information in the notification and submitted by the Council, NMFS will make a determination whether the use of an unlisted gear or participation in an unlisted HMS fishery will compromise the effectiveness of conservation and management efforts under the Magnuson-Stevens Act. If it is determined that the proposed amendment will not compromise conservation and management efforts, NMFS will publish a proposed rule.

(C) If NMFS finds that the proposed gear or fishery will be detrimental to conservation and management efforts in this initial stage of review, it will not publish a proposed rule and notify the applicant of the negative determination with the reasons therefor.

(4) *Final determination and publication of a final rule.* Following public comment, NMFS will approve or disapprove the amendment to the list of gear and fisheries.

(i) If approved, NMFS will publish a final rule in the FEDERAL REGISTER and notify the applicant and the Council, if appropriate, of the final approval.

(ii) If disapproved, NMFS will withdraw the proposed rule, notify the applicant and the Council, if appropriate, of the disapproval; publish emergency or interim regulations, if necessary, to prohibit or restrict the use of gear or the participation in a fishery; and either notify the Council of the need to amend an FMP or prepare an amendment to an FMP in the case of Atlantic highly migratory species.

[62 FR 23669, May 1, 1997, as amended at 63 FR 7075, Feb. 12, 1998]

#### § 600.751 Determination of need for a fishery negotiation panel.

A Council or NMFS may establish an FNP to assist in the development of specific fishery conservation and management measures. In determining whether to establish an FNP, NMFS or the Council, as appropriate, shall consider whether:

(a) There is a need for specific fishery conservation and management measures.

(b) There are a limited number of identifiable interests that will be significantly affected by the conservation and management measure.

(c) There is a reasonable likelihood that an FNP can be convened with a balanced representation of persons who:

(1) Can adequately represent the interests identified under paragraph (b) of this section.

(2) Are willing to negotiate in good faith to reach a consensus on a report regarding the issues presented.

(d) There is a reasonable likelihood that an FNP will reach

a consensus on a report regarding the issues presented within 1 year from date of establishment of the FNP.

(e) The use of an FNP will not unreasonably delay Council or NMFS fishery management plan development or rule-making procedures.

(f) The costs of establishment and operation of an FNP are reasonable when compared to fishery management plan development or rulemaking procedures that do not use FNP procedures.

(g) The Council or NMFS has adequate resources and is willing to commit such resources, including technical assistance, to an FNP.

(h) The use of an FNP is in the public interest.

**§ 600.752 Use of conveners and facilitators.**

(a) *Purposes of conveners.* A Council or NMFS may use the services of a trained convener to assist the Council or NMFS in: (1) Conducting discussions to identify the issues of concern, and to ascertain whether the establishment of an FNP regarding such matter is feasible and appropriate.

(2) Identifying persons who will be significantly affected by the issues presented in paragraph (a)(1) of this section.

(b) *Duties of conveners.* The convener shall report findings under paragraph (a)(2) of this section and shall make recommendations to the Council or NMFS. Upon request of the Council or NMFS, the convener shall ascertain the names of persons who are willing

and qualified to represent interests that will be significantly affected by the potential conservation and management measures relevant to the issues to be negotiated. The report and any recommendations of the convener shall be made available to the public upon request.

(c) *Selection of facilitator.* Notwithstanding section 10(e) of the Federal Advisory Committee Act (FACA), a Council or NMFS may nominate a person trained in facilitation either from the Federal Government or from outside the Federal Government to serve as an impartial, neutral facilitator for the negotiations of the FNP, subject to the approval of the FNP, by consensus. The facilitator may be the same person as the convener used under paragraph (a) of this section. If the FNP does not approve the nominee of the Council or NMFS for facilitator, the FNP shall submit a substitute nomination. If an FNP does not approve any nominee of the Council or NMFS for facilitator, the FNP shall select, by consensus, a person to serve as facilitator. A person designated to represent the Council or NMFS in substantive issues may not serve as facilitator or otherwise chair the FNP.

(d) *Roles and duties of facilitator.* A facilitator shall:

(1) Chair the meetings of the FNP in an impartial manner.

(2) Impartially assist the members of the FNP in conducting discussions and negotiations.

(3) Manage the keeping of minutes and records as required under section 10(b) and (c) of FACA.

**§ 600.753 Notice of intent to establish a fishery negotiation panel.**

(a) *Publication of notice.* If, after considering the report of a convener or conducting its own assessment, a Council or NMFS decides to establish an FNP, NMFS shall publish in the FEDERAL REGISTER and, as appropriate, in trade or other specialized publications, a document that shall include:

(1) An announcement that the Council or NMFS intends to establish an FNP to negotiate and develop a report concerning specific conservation and management measures.
